

## **Schedule of events RC Combat July 12-15, 2010**

### **July 11**

As soon as we have control of the field (including frequency control) and you have picked up your contest packet and badge, tech inspections and test flights can start.

### **July 12**

Finish up tech inspections.

Five rounds of AMA event 760 SSC combat followed by 5 rounds of 755 Open B.

### **July 13**

Five rounds of AMA event 760 SSC followed by five rounds of Open B. Tech inspections for 2548\*\* scale and Limited B\*\*.

### **July 14**

Finish remaining tech inspections.

Six to seven rounds of 2548 Scale\*\* followed by five rounds of Limited B\*\*. Pizza party after flying has ended!

### **July 15**

Remaining round of 2548 Scale\*\* to make 10 followed by five round of Limited B\*\*

\*\*\*\*\*

*Every attempt will be made to get in the rounds as planned. Days of the events will not change but, the number of event rounds may be more or less in order to work around bad weather if needed. First round is planned to start at 8am each day to help prevent losing rounds due to weather.*

\*\*2548 Scale and Limited B rules and regulations can be found at [rccombat.com](http://rccombat.com)
