I. Purpose

The 2008 FAI Pylon Team Selection Program shall select three pylon teams (pilot, caller/mechanic) to represent the United States in the FAI World Championships in 2009 in Germany. Alternates will also be chosen to back up the team in the event of withdrawal of any of the primary teams.

II. Method

The team and alternates will be selected by flying in a single elimination contest. The Team Selection Committee shall determine the actual contest date. The contest shall be held between July and November of 2008.

Bids to host the team trials must be submitted to AMA no later than April 15, 2008.

III. Qualification

Any modeler wishing to qualify for the U.S. Pylon Team must be a current U.S. resident and a member of the Academy of Model Aeronautics.

A fee of \$20 is required to enter the program. This fee is mailed to AMA Headquarters.

The Team Selection finals fee of \$50 must be mailed to AMA Headquarters postmarked no later than thirty (30) days prior to the starting day of the Finals. (Caution: Allow 10 days for postal delivery.) An on-site late entry fee of \$100 may be paid to the contest director up to one hour before the advertised starting time of the Finals.

IV. Contest Criteria

A. The team selection finals shall be a two-day event. A minimum of seven rounds and a maximum of twelve rounds shall be flown. The contest director shall determine the maximum number of rounds at the beginning of the first race day. The poorest heat time shall be discarded after five heats; the second poorest heat time shall be discarded after ten heats. Other than this scoring deviation, the contest shall be flown strictly in accordance with the current FAI Sporting Code.

B. Protests - A complaint may be made in writing to the contest director. If the contestant is not satisfied with the result of the complaint, a formal protest may be submitted in accordance with the document entitled, *A World Championship Team Procedures Governing the Academy's Sponsorship of FAI Teams@*. A fee of \$20 shall accompany the written protest. If the jury rejects the protest, the fee shall be deposited into the Pylon Team Fund. The fee will be returned if the protest is upheld.

C. Scores - After each round, an itemized score will be publicly posted. This score will include the lap time and the FAI score. The posted score will be official one hour after posting.

D. Final Results - The results shall be posted within one half hour of conclusion of the last race. The scores will become official one hour after posting or after the resolution of any protest.

E. Official Team - The official United States Team shall be comprised of the pilots for the first three scoring positions. The first alternate shall be the pilot with the fourth place score. The second alternate shall be the pilot with the fifth place score. Upon registration for the World Championship, the pilot shall designate his official mechanic/caller. This will be the official U.S. Team.

F. Team Manager - The team manager will be selected in accordance with the *A World Championship Teams Procedures Governing the Academy's Sponsorship of FAI Teams@*. The team manager cannot be a caller for any pilot on the United States Pylon team.

Pre-Finals. When there are less than four months between the team selection event and the world championships, the team manager **must** be selected prior to the finals, and that person may not further participate in the selection program if he/she is so enrolled.

Post-Finals. When there are more than four months between the finals contest and the world championships, the team manager may be selected after the finals.

Nominations. Any person wishing to be considered for team manager must submit his name in writing to AMA Headquarters not later than 14 days after the finals.

Nominations for team manager will be accepted from the AMA membership community; groups which can be involved in this process may include: program participants, the presidents of AMA recognized special interest groups, previous and current team members and helpers, AMA headquarters, and the team selection committees.

A prospective team manager need not have been an FAI competitor. However, he or she must be thoroughly knowledgeable of the rules of the event for which he/she is being considered.

Appointment. AMA headquarters and the FAI Executive Committee in consultation with the chairman of the appropriate team selection committee shall make the actual appointment. The FAI Executive Committee of Headquarters may select someone of their own choosing if not satisfied with the names submitted. The FAI Executive Committee has the authority to replace a team manager or team members.

V. Finances

A. AMA's FAI budget for team covers payment of:
