

The AMA History Project Presents: Biography of CHARLES GAGLIANO

Written by AMA staff (04/1988); Transcribed by JS (05/2008); Reformatted by JS (08/2009)

The following was published in the April 1988 issue of Model Aviation magazine. Charles was a 1987 AMA Scholarship winner.

Charles Gagliano, Floral Park, NY, is an Aeronautical Engineering student at the University of Buffalo, NY. His goal is to be an aerospace engineer. A dedicated aeromodeler as well as an active student in high school, Charles also found time to be involved in track, cross-country running, choir, and the Tutoring Club. He was a boy scout for six years and participated in many community projects.

His modeling preference is for Indoor events, and his particular loves are Manhattan and HLG. He holds an Indoor record of 7:17 in Category III for Manhattan. As a member of both the Brooklyn Sky Scrapers and the Columbia Indoor Model Airplane Society, he was well thought of by his fellow club members.
