

The AMA History Project Presents: Biography of DANIEL (DAN) SOBALA

Written by AMA Staff (08/1955); Transcribed by JS (05/2010), updated by JS (12/2012)

The following was published in the September 1955 issue of Model Aviation, from the article "Know Your Officers." Daniel passed away in 2012.

Daniel Sobala is a member of the Contest Board from District I. He lives at 6 Jackielyn Circle, South Hadley, Massachusetts, is married, and has four youngsters. He is an Assistant Professor of Mechanical Engineering.

Dan is associated with the Holyoke Gas Model Club and first joined AMA in 1941 – his main personal interests being in the fields of Free Flight Gas, hand-launched and towline glider models. Dan has had experience as a Contest Director with the local Plymouth meet and the annual Holyoke Gas Model Club Contest.

Dan feels that Junior flyers should be encouraged and that more flying space is a prime requisite for furthering aeromodeling activities.
