### Proposal Type:

Interpretation

**Original proposal number.**

### Applicable Competition Regulations this proposal relates to:

CL Aerobatics

### Give Brief Summary of the Proposed Change:

Add language to Section 11 clarifying how a maneuver is to be exited.

**State exact wording proposed for the Competition Regulations. List paragraph number where applicable. Example: Change "quote present rule book wording" to "exact wording required".**

Add this sentence after "and doing an incomplete maneuver all will result in a loss of pattern points."

Subject to any changes in the description of a maneuver, the dashed lines (-----) lines in the maneuver diagrams are to illustrate the general shape and direction of the entrance or exit path that the plane should take relative to the maneuver and should not be taken literally.

**State logic behind proposed change, including alleged shortcoming of the present rule(s).**

Section 11 states that ...."entering or exiting a maneuver in any way other than is illustrated in the maneuver section, and doing an incomplete maneuver all will result in a loss of pattern points."

The dash ( - - ) lines showing the proper entrance and exit paths are part of the illustrations and should not be taken literally as is the exception for wind direction.

**If this proposal is for a new event, include all event test data/information here. Please provide information on what testing of this new event has taken place to include number of participants and number of contests.**

**State effect, if any, on current AMA records:**

None

**Note: The Contest Board Chairman may, in coordination with the submitter of the proposal, at any time prior to submitting a proposal to the contest board for Final Vote, edit proposal wording to increase clarity and to avoid ambiguity, provided the proposal intent is not changed.**
