Bruce Knox, of East Aurora, NY, is a valuable member of several clubs in western New York State. He has a reputation as a giver and is respected by all who have worked and flown with him.

He has spent countless hours helping newcomers build and fly. An avid contest flier, he particularly enjoys Pylon Racing. His active brain devised a system for matching contestants in Pylon Racing heats which is in use in both the USA and Canada.

As a modeler, Bruce likes to design his own aircraft. He enjoys the unusual, and amuses and intrigues his fellow club members when he appears at the field with his latest creation.

An organizer, leader, worker, helper, and a fine example to all, Bruce has a great reputation in his region. That is what being a Vital Person is all about.
