A Modeler's Legacy

Seeing a specific airplane can bring back memories, and that held true for Lisa Headley-Rist. Read more to learn what Lisa had to say!

How-to

Removing Covering From Wood-Constructed Models

Sooner or later, your aircraft will need a repair, and that repair will probably involve stripping off some covering. Read more to learn how to properly remove the covering—including the little pieces that stick with a vengeance!

Technical

Fiberglassing

In this video, Greg Hahn discusses the appropriate tools, preparation work, and proper technique for applying fiberglass. Watch now to learn more!
