PROJECT INFORMATION

Project justification:
Describe the rationale for your club's completed or proposed project.

► Review requirements for the project justification

Project work plan:
Please describe the work your club completed or will complete, who completed or will complete it, and the timeframe in which the work was completed or will be completed for the project.

► Review requirements for the project work plan

Total cost of project *

Grant amount requested *

Are you applying for retroactive funds for a project already completed?

- Select -

BUDGET WORKSHEET

The completed budget worksheet provides an itemized list of expenses for the project. Each item should be referenced in the project justification and the project work plan.

Items not reflected in the project justification or work plan or not reflected in the total grant amount request will not be funded. Project costs can only include amounts spent since the previous year's application cutoff date (February 1), or projected work for the current grant cycle.
APPENDICES

Please upload all required attachments and any supplemental evidence of improvements needed, price quotes obtained for labor or materials, and/or expenses already incurred and paid for by the club. Required and optional documentation is indicated below.

THE FOLLOWING ITEMS ARE REQUIRED FOR YOUR APPLICATION.

Photographs
"Before" and/or "after" photos of what will be improved or what has been improved.

Receipts
Receipts for expenses incurred.

THE FOLLOWING ITEMS ARE OPTIONAL FOR YOUR APPLICATION.

Letter of support
Letter of support from external consultant or professional attesting to the conditions of the flying site and/or the need of the project.

☐ I have other documentation I would like to provide.
