Duties Guidance for AMA Vice Presidents

To better serve members and the Academy, AMA has developed duties for Vice Presidents and Associate Vice Presidents (AVPs). These duties are intended to offer guidance on leadership methods and procedures that best serve AMA and its individual districts. As each Vice President serves within their district and as a member of the AMA’s Executive Council, the duties are organized in “National” and “District” categories.

While every district is physically and operationally different, and each may require unique management, the duties are universally applicable. Where needed, Vice Presidents should look to the President, Executive Vice President, and other council members for direction in achieving their duties.

The Vice President’s Role: Think nationally in the best interest of the Academy, and act locally to link AMA’s goals and objectives to district actions.

AMA Vice President—National Responsibilities:
1. Make attendance at all Executive Council meetings, Conference Calls, and AMA National Meetings a priority.
   • As the elected representative of members within their district, it is each Vice President’s responsibility to actively participate in Executive Council sessions and National meetings.
2. Review all EC agenda items and become knowledgeable about current issues, member concerns, and regional and national issues that affect aeromodeling.
• To fully understand and participate in Executive Council meetings and AMA affairs, each Vice President must stay abreast of all significant issues and matters that affect the Academy and aeromodeling, and assist the Executive Council in making decisions.

   • The rules and procedures of the Academy provide a common structure of understanding for all stakeholders. To effectively participate as an AMA officer, Vice Presidents must have a good working knowledge of rules, policies, and procedures, and the ways in which AMA operates.

4. Serve on committees and workgroups as established by the Executive Council or the President.
   • AMA’s Executive Council consists of individuals with varied backgrounds, knowledge, skills, and experience. As a council member, Vice Presidents are expected to serve on committees and provide their skills and capabilities to benefit the Academy.

5. Endorse and support AMA programs, national positions, and policies.
   • The Executive Council is a “democracy” of representatives for our members. After a consensus of opinion from the Executive Council is determined or voted upon, it is imperative that the council provide a unified voice to the membership and external stakeholders. Only through the consistent communication of matters and decisions can the Executive Council act as a unified leadership body.

6. Explore, research and stay abreast of new aeromodeling technologies as they evolve.
   • To be relevant to the aeromodeling community, AMA must be informed about technological advancements and trends. As the “face” of AMA within their districts, it is important that Vice Presidents and other officers be knowledgeable about these advancements.

7. Research, review, and question how AMA’s annual budget is developed and implemented.
   • To be effective, AMA must efficiently manage its financial affairs and business investment decisions. Only through a good understanding of AMA’s budget and finances can council members make prudent decisions about budget and program approvals.

8. Provide assistance by working through the President and Executive Director, to Headquarters staff on administrative and process improvements and new technologies where applicable.
   • The best organizations adopt the best techniques of other organizations. Utilizing the office of the Executive Director, Vice Presidents, and other officers should provide constructive suggestions and feedback on leading-edge methods and technologies. This is especially warranted for “lessons learned” in the field that relate to clubs and members.

9. Maintain confidentiality where necessary or required.
   • Legal affairs, personnel matters, and similar situations necessitate confidentiality. Vice Presidents and other officers are required to maintain confidentiality where advised by legal counsel, where required by law, or where protecting the rights of individuals, organizations, or the Academy.

10. Utilize the Executive Council’s accepted electronic business tools, methods, procedures, and group protocols.
    • The effectiveness of AMA’s Executive Council relies on consistent communication and standardization of information, to support informed decision making and decisive actions. Each Vice President and EC member must utilize the same tools for cohesive council outcomes.

**Vice President; District Responsibilities:**

1. Serve as a leadership role model for AVPs, LMs, and members.
   • Providing ongoing leadership guidance to AVPs and LMs is integral to their performance and development as regional leaders. Only through demonstrated leadership from Vice Presidents will AVPs, Leader Members, and the general membership respond.

2. Write a monthly district column published in *Model Aviation*.
   • Members look to the *Model Aviation* district columns for news and information “of the district.” Positive reporting of people and events within each district provides ideas and examples for clubs and members, and gives
recognition for efforts and jobs “well done.” As a VP it is your responsibility to have your column completed and submitted by the first of each month.

3. Manage the district budget, including submission of monthly reports and receipts.
   • District budgets and expenditures are the responsibility of each Vice President. Accepted accounting procedures require that Vice Presidents and other officers account for, and document, expenditures in a timely manner. Expenses are expected to be submitted monthly.

4. Travel throughout the district meeting and listening to your district members.
   • Vice Presidents represent their members and lead their districts. Serving the office of Vice President requires visibility, human interaction, and establishing personal relationships. At a minimum, Vice Presidents should attend the major events in their districts. As a guideline, VPs travel twice per month to events held in their district.

5. Establish an effective team of District AVPs who are committed to representing AMA, and who will actively pursue their assigned duties.
   • As a Vice President, you are responsible for your AVPs’ performance. To help provide effective AVPs, you should ensure AMA AVP shirts, badges, business cards, literature, programs, stationery, and district logo where applicable are used. Provide and enforce the established AVP duties list, and support training and education of your AVPs. Work to motivate AVPs to attend events, including AVPs serving as your representative for events you cannot attend. Ensure a network of local member support through active AVPs and LMs. Retire AVPs who prove to be inactive or inappropriate representatives. Listen to AVP feedback, especially for member concerns, safety issues, club issues, and AMA’s organizational performance. Communicate to AVPs about marketing programs, club support, special initiatives, and establishing and maintaining community liaisons.

6. Assist the development of the Leader Member program.
   • Working through your AVPs, assist in the development of Leader Members. The goal is one active LM per club.

7. Organize, develop, and support linkages between AMA’s national programs and local club involvement.
   • AMA’s programs need support in each district. Through your network of AVPs and LMs, strive to support and implement national programs at local levels.

8. Employ both face-to-face and electronic communications tools.
   • Seek new methods and technologies within the district that better serve members. Email, websites, social media, WebEx meetings, and conference calls all serve to complement face-to-face communication. Utilize these tools to support balanced communication with clubs and members.

9. Provide materials and program support locally where required.
   • AMA has an effective system of materials for its national programs. In each district, the Vice President should work to ensure that clubs, AVPs, LMs, and hobby shops are provided with these materials.

10. Administer member inquiries to and from AMA Headquarters when appropriate.
    • Much of the role of a Vice President is facilitating member inquires to and from Headquarters. These inquirers frequently involve club issues or member concerns, or simple requests about programs and services. Vice Presidents should strive to ensure that local support is provided where needed, and good communication exists between Headquarters and the district.

11. Identify potential leaders through networking and the LM program.
    • Today’s members are tomorrow’s leaders. It is each Vice President’s duty to identify and mentor potential leaders that can rise within the district. Through effective communication, expectation setting, and leadership by example, Vice Presidents should strive to ensure a stream of future leaders.

12. Appoint District Contest Coordinators, Frequency Coordinators where required, Contest Board members, and FAI Team Selection Committee members. Some districts also have a District Safety Coordinator and Education Coordinators where desired.
• It is the VP’s responsibility to appoint these people when a vacancy exists. It is recommended that the VP consults with the various special interest groups to determine an appropriate Contest Board and FAI Team Selection Committee candidate prior to filling a position vacancy.

13. Acknowledge achievement of members and clubs through AMA’s established awards system.

• In order to recognize the leadership of AMA’s most outstanding clubs and members, the Academy has established a structure of awards that celebrates achievement and contributions. Each Vice President should seek and publicly acknowledge the highest-performing clubs and members through presentation of appropriate awards.

Associate Vice Presidents

Relating to Article X

1. APPOINTMENT OF ASSOCIATE VICE PRESIDENTS
A. In accordance with the Bylaws of the Academy, as revised 1 May 1989, each District Vice President shall appoint as many Associate Vice Presidents as authorized by Executive Council action. The number of Associate Vice Presidents will vary with District geographic area and member population.
B. The Associate Vice President shall be appointed, at the discretion of the District Vice President, in a manner that will best serve the needs of the District. This can be by geographic area or by assignment of a specific group of charter clubs within a district. Each Associate Vice President should be made aware of his/her area of responsibility.
C. Until such time as it becomes possible to fund for Associate Vice President travel within his/her area the relative size of the area should be kept as small as feasible. Excessive travel requirements of volunteers should be minimized.
D. Associate Vice Presidents may be removed at the discretion of the District Vice President. This could be for non-performance in the area of recommended duties or other causes for lack of confidence in associations with members or the Vice President.

Duties and Responsibilities Guidance for Associate Vice Presidents

Purpose:
To best serve its members, clubs and programs, the Academy of Model Aeronautics (AMA) has developed duties and responsibilities for its Vice Presidents (VPs) and Associative Vice Presidents (AVPs). This document outlines AVP objectives and responsibilities, for AVPs working under the direction of their respective Vice President.

Application:
While each AMA district is geographically, and by necessity, operationally different and each may require unique management, the duties of an AVP are universally applicable, as recommended by the District Vice President.

Role of the AMA Associate Vice President (AVP)
Associate Vice Presidents are appointed to their position by the Vice President in their respective districts. AVPs do not serve for a specific term or time frame, but at the pleasure of their Vice President. As described in the AMA bylaws and Standing Rules, each Vice President has the sole authority to make changes in AVP positions as deemed necessary for the benefit of their District and the Academy.
“The Associate Vice President will serve as a liaison between the members of the district and the District Vice President. He may attend functions on behalf of the Vice President and perform other duties as required within his specific area.” A Vice President may designate an Associate Vice President from his district to represent his district at Council meetings with all rights and privileges except the right to vote.”
With specifically limited authority, a designated AVP may act in the Vice President’s absence. The AVP provides a communication link between the VP and Leader Members. The AVP also represents AMA at club meetings and events, and acts to facilitate communication between all AMA members, clubs, hobby shops, civic organizations, and the community at large, thus providing a positive impact on model aviation.

**Associate Vice President, Recommended National AMA Duties**

   *AVP note:* Being knowledgeable about AMA’s structure, functions, and helps you provide better services and information to members and clubs. This knowledge improves visibility into AMA and improves AVP credibility.

2. Become knowledgeable about all of AMA’s web sites and know where to go to get information.

   a. Learn to navigate AMA’s websites and how to download AMA Documents and Membership Manual, and AMA Programs such as Take off And Grow (TAG), Flying Site Improvement Grants, Disaster Grants, Carl Goldberg Award information, and Scholarship application.
   b. Become familiar with the Model Aviation Library.
   c. Become familiar with the AMA BLOGS.

3. Read AMA’s print publications and subscribe to all AMA digital communications.

4. When attending National or District AMA events or meetings, dress in AMA attire.

   *AVP note:* Wearing AMA shirts and hats, and displaying your AMA provided name badge, makes it easy for others to recognize who you are and your position as an AVP. This communicates to clubs and members AMA’s participation in their events. It also provides consistency with your VP, other Council members, and AMA Staff.

5. Obtain preapproval for all expenses through your District Vice President and submit expense vouchers for reimbursement of any authorized funds. These vouchers must be submitted through the District Vice President.

**Associate Vice President, Recommended District and Local Duties**

1. When asked by a Vice President, an AVP will represent the VP at specific meetings, events, award ceremonies.

   *AVP note:* While AVPs are AMA officers, they have no authority to make any decision or take unilateral action on behalf of the Academy. Such authority is reserved for AMA Council Members elected by the membership.

2. Investigate and advise the Vice President regarding incidents or complaints from members, either as brought directly to the attention of the AVP or as delegated by the Vice President.

   *AVP note:* In all cases, where incidents of formal complaints are addressed to an AVP, the AVP must advise the Vice President of the communication. It should be noted that the AVP does not have the authority to stop any club event or sanctioned event from taking place.

3. AVPs need to become familiar with their District website and learn how to navigate, and download information and be able to show others how to do the same.

4. The Vice President will establish each AVP’s specific duties and reporting requirements based upon the District’s geography, demographics, club density, AVP territory and similar factors. Often the VP will assign a given territory, or a list of AMA Chartered Clubs for the AVP to work with.

   *AVP note:* The AVP is responsible for becoming familiar with the clubs, officers, and influential people within your area, and the social and political nature of each club. It is important that AMA knows which Chartered Clubs are friendly to new members, and those clubs that are active in their communities and perform charity work.

5. Get to know the Leader Members in your region, and provide information on qualifications and applications. Encourage each Club to have at least one active Leader Member.

   *AVP note:* Leader Members are the highest level of AMA Membership and AMA wants to engage LM’s to perform liaison with our clubs. As AVPs cannot attend every club meeting or function, LM’s can provide monthly AMA updates to clubs and members. Leader members are essential for effective communication, particularly in geographically large districts.
6. If assigned clubs by your District VP, visit and interact with each club you’re assigned for the purposes of:
   a. Serve as a liaison between the Vice President and the members within the District.
   b. Advise clubs on active AMA programs including but not limited to contests, grants, youth training camps, scholarships, awards, leader clubs and election opportunities.
   c. Assist clubs with flying site issues with advice and referral to AMA flying site officials.
7. Seek and support activities that advance the image and growth of model aviation.
8. If requested by your Vice President, provide at least one annual column report and photographs of newsworthy club events and members news. Clubs and members really look forward to seeing their activities in print.

The Academy of Model Aeronautics, all Officers, and your fellow members thank you for volunteering your time and effort to further the goals and needs of the Academy. Please feel free to contact your Vice President at any time with questions or suggestions.

Handling Complaints Which May Lead to a Hearing

Relating to Article V

Member Discipline:
1. Pursuant to the authority of the Executive Council as set forth in Article V, Section 5 of the Bylaws, the Executive Council has the authority to provide for and to impose disciplinary action for any violation of any of the terms of the Articles of Incorporation, Bylaws, Rules of the AMA, or which is detrimental to the AMA or model aviation. The Executive Council therefore may, at its discretion, promulgate policies and procedures relating to discipline of members which do not justify expulsion from membership. The Executive Council has the authority to discipline members in accordance with such policies and procedures as duly adopted and ratified by the Executive Council. Said policies and procedures are independent of any Bylaw dealing with a member-to-member complaint or complaints regarding contest directors, which investigation and disciplinary procedures may also be subject to the Standing Rules.
2. A member complains to a member of the Executive Council or AMA Headquarters about actions of another member. Most complaints can be resolved at this stage. All efforts should be resolved at this level via telephone or email.
3. If the complaint is serious, or cannot be resolved by normal methods, the elected officer will consult with the Executive Director—or vice versa if the complaint was made to AMA Headquarters.
4. The Executive Director, the President, and the elected officer will evaluate the complaint and decide whether or not to send a form “Statement of Charges” to the complainant.
5. If a Statement of Charges is sent to the complainant, returned fully completed and executed, then the Executive Director will consult with the AMA President, the District Vice President, and legal counsel about the sufficiency of the Statement of Charges.
6. If the Statement of Charges is deemed sufficient an elected officer will be asked to support sending the notice of hearing by signing a simple statement that he or she supports the action. The elected officer is not asked to prejudge the matter, only indicate that the matter is grave enough to warrant a proceeding.
7. If the Statement of Charges is not deemed sufficient, or if for some other reason there is a decision not to proceed, the complainant will be notified of the decision.
8. If the decision is made to proceed, a Notice of Hearing will be sent to the accused member and to the complainant.
9. The hearing will be conducted by the Executive Council in executive session.
COMPLAINTS REGARDING CDs

Complaints regarding a Contest Director (CD) while acting in their official capacity as a representative of the Academy of Model Aeronautics should be made in writing to AMA Headquarters, who in turn will forward to the VP of the District where the complaint originated or where the infraction occurred.

The VP would review the written complaints and contact the complainant if additional information or clarification is required.

The VP would then contact the CD, explain the complaint and request a response in writing.

The VP will review the complaint and the CD’s response, and take whatever course of action is appropriate to resolve the problem, whether it is a warning or a revocation of the CD license. If there is a reprimand given, it should be in writing. The CD may appeal any action taken by the VP, in writing, and request the matter be reviewed by the Executive Council. The Executive Council could uphold the action taken by the VP, overturn it, or refuse to hear it.

Official Publication

Relating to Article XIII

Section 1. Whenever, in the discretion of the Executive Director, any article, feature, report, or other writing submitted for publication in any official publication of the AMA is deemed to constitute, in whole or in part, a personal attack on any AMA officer or member, the Publications Committee shall have the authority to temporarily defer publication of such article, feature, report, or other writing and to refer the matter to the Executive Council for a determination as to whether publication should occur. Publication shall occur only upon an affirmative majority vote of the Executive Council. Any officer who is the author of, or the target of, the article, feature, report, or other writing submitted for publication at issue shall not be entitled to participate in the deliberations or vote as to whether publication should occur. The vote may be taken by mail or at a Council meeting at which a quorum is present.

Membership Categories

Relating to Article III

Article III of the Bylaws of the Academy of Model Aeronautics provides for AMA membership categories of Adult Member, Youth Member, and Special Member. The following provides specific membership descriptions. Please consult the AMA Membership Application for current dues schedules.

A. Adult Membership: Most adult members qualify for this category. Adult Membership provides all rights and privileges as authorized by the Academy. These include insurance benefits and competitive privileges, AMA publications, and the right to vote in national and district elections.

B. Youth Membership: Membership for individuals who are less than age 19 as of July 1. This includes insurance benefits, competition privileges, and access to select members-only digital content. For competition purposes, Youth will be categorized as Junior (under 15 by July 1) or Senior (those age 15 by July 1, but not age 19). This membership category does not include voting privileges or printed AMA publications. Publications can be purchased separately.

C. Special Membership: Those members belonging to classifications identified and developed by the Executive Council for special conditions and/or recognition as named and described in the following. These may include classifications with restricted benefits, temporary memberships used in connection with special and/or provisional programs, nontypical dues rates structures, contribution to model aviation by individuals, organizations, or members of other organizations that desire to affiliate with the AMA in accordance with written agreements. These members shall be entitled to privileges and benefits as determined by the AMA Executive Council.

1. Leader Member: The Leader Member is an Adult Member and is the most important of membership categories in terms of the operation of the Academy. The Leader Member is identified as an individual demonstrating an above average interest in the Academy and its functions. There is a provision in the AMA Bylaws that authorizes only Leader Members to have the right to vote on AMA Bylaws changes. Nominating procedures for national officers also require that a nominee be a Leader Member. This being so, it is necessary that a means be incorporated which will permit the proper implementation of a program to identify and record those qualified as Leader Members of the Academy. The procedures listed herein will be followed for award of this category.

(a) Application for Leader Member status can be made by any Adult Member using the appropriate form obtained from AMA Headquarters. The form will, in addition to the requirement of endorsements, have provisions for a résumé of qualifications.

(b) Provision should be made for awarding certain individuals Leader Membership as a result of service to model aviation. Examples are those individuals having performed extensive activities in the areas of research
and other areas of scientific endeavor. This also applies to those individuals in the industry having made continuing contributions to the Academy and the members.

(c) Upon being approved as a Leader Member, individuals will receive a certificate printed on heavy stock and identified with the AMA gold embossed seal. The document will bear the signatures of the AMA President and the Executive Director.

(d) As the highest level of membership, the Leader Member’s status will be noted on his or her membership card. Other activity categories may be listed as space provides.

2. Life Member: Those who have made a financial donation, or received the AMA Fellow Award, under criteria established by the Executive Council (see the AMA Membership Application). A Life Member shall be entitled to full Adult Membership privileges and benefits for life.

3. Senior Member: An Adult Member who turns age 65 by July 1 and requests a dues discount as established by the Executive Council. A Senior Member shall be entitled to full Adult Membership privileges and benefits.

4. Extra Family Member: Applies to one adult who resides in the same household as a current Adult Member and includes Adult Membership privileges with the exception of AMA’s magazine publications.

5. Park Pilot Member: Membership offers a reduced dues structure, does not have voting rights, and cannot compete in AMA/FAI competition. This membership offers significantly reduced liability insurance and no fire, theft, or accident/medical insurance. Aircraft must not exceed 2 pounds, 60 mph, and may not be powered with an internal combustion engine. AMA’s Park Pilot magazine is included in this membership category.

6. Affiliate Member: For non-US permanent residents. This membership only provides full liability insurance benefits and competition privileges while flying in the US.

D. AMA Chartered Chapter: Is an association of two or more AMA Chartered Clubs. The purpose of a Chapter is to bring together area or regional club representatives, Leader Members, and appointed Associate Vice President(s). An application for forming a Chartered Chapter can be found in the AMA’s Documents section of the website www.modelaircraft.org under the Media & Resources tab.

Chapter Function

1. A Chapter brings club representatives and AMA’s leaders together to discuss any/all club-related issues, competition and flying events, pertinent AMA issues, and need for cooperation and assistance.

2. The Chapter is a collaborative effort of clubs helping each other, providing unified support, and promoting model aviation within their respective communities.

3. The Chapter/AMA relationship promotes communication and the rapid flow of information between AMA and the Chapter’s clubs and vice versa.
